Certification of CPNI

I, John Altamura, hereby state and declare:

1. I am the President of Airadigm Communications, Inc., a wireless telecommunications services operator.

2. As an officer of Airadigm Communications, Inc., I certify that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Federal Communications Commission's Customer Proprietary Network Information ("CPNI") rules at Part 64.2001, *et seq*

3. I am familiar with the facts contained in the foregoing Statement of CPNI Procedures and I verify that those facts are true and correct to the best of my knowledge and belief, except that I do not and need not attest to those facts which are subject to official notice by the Commission.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on this 1st day of February, 2006.

John Altamura
President, Airadigm Communications, Inc.

Airadigm Communications, Inc. ("Carrier"), a telecommunications carrier, has established operating procedures that ensure compliance with the Federal Communication Commission ("Commission") regulations regarding the protection of consumer proprietary network information ("CPNI").

- Carrier has implemented a system whereby the status of a customer's CPNI approval can be determined prior to the use of CPNI.
 - Carrier's employees follow a strict procedure of verifying the name and password on an account before releasing any information to a customer. The password is chosen by the customer at the time of activation.
 - If a customer requests call records on his service, Carrier will only mail the invoice to the billing address listed on the account and never fax the invoice to any number.
 - Carrier provides call records to law enforcement agencies and attorneys upon receipt of a subpoena with specific requests for such information.
- Carrier continually educates and trains its employees regarding the appropriate use of CPNI. Carrier has established disciplinary procedures should an employee violate the CPNI procedures established by Carrier.
 - If any of the procedures related to the appropriate use of CPNI are not followed, the employee is subject to disciplinary action documented in Carrier's company handbook. This process would involve one verbal warning, followed by a written warning, and then termination.
- Carrier maintains a record of its and its affiliates' sales and marketing campaigns that use its customers' CPNI. Carrier also maintains a record of any and all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. The record includes a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as a part of the campaign.
 - Carrier has not and will not provide subscriber information, including phone numbers or call records to a third party for any marketing purposes.
- Carrier has established a supervisory review process regarding compliance with the CPNI rules with respect to outbound marketing situations and maintains records of carrier compliance for a minimum period of one year. Specifically, Carrier's sales personnel obtain supervisory

approval of any proposed outbound marketing request for customer approval regarding its CPNI.

- In accordance with Section 64.2009(e) of the Commission's rules, an officer of Carrier has executed a compliance certificate stating that the officer has personal knowledge that Carrier has established operating procedures that ensure compliance with the Commission's CPNI rules.
